STEPS TAKEN

1

Find Pre-Accident Value

We use Kelley Blue Book® as an industry standard to find the Typical Listing Price value of an equivalent vehicle in excellent condition

2

Find Market Value With Comparable Vehicles

We search for comparable vehicles based on Make, Model, Year, and Trim, and then adjust them and average them to determine a Market Value

3

Calculate Base Loss of Value

We calculate the Base Loss of Value by taking the difference between the Typical Listing Price Value (from #1) and the comparable Market Value (from #2)

3

Analyze Damage Level

Our system analyzes the Repair Estimate to determine a Damage Adjustment to take into account based on the work already done

5

Calculate Final Diminished Value

We then take the Base Loss of Value and subtract the Damage Adjustment to arrive at a Final Diminished Value

Kelley Blue Book® Typical Listing Price checked for zip code 70001 via API on December 20, 2023

Pre-Accident Typical Listing Price Value

\$27,916.00

©2023 Kelley Blue Book Co., Inc. All rights reserved. As of 12/20/2023 Edition for 70001. Values and pricing are the opinions of Kelley Blue Book, and the actual price of a vehicle may vary. The value and pricing information displayed for a particular vehicle is based upon the specification, mileage and/or condition information provided by the person generating this report. Kelley Blue Book assumes no responsibility for errors or omissions.

Kelley Blue Book® Typical Listing Price

Formerly known as Suggested Retail Price, the Kelley Blue Book® Typical Listing Price is representative of dealers' asking prices for a used car. It assumes that the vehicle has been fully reconditioned and has a clean title history. This price also takes into account the dealers' profit, costs for advertising, sales commissions and other costs of doing business. The final sale price will likely be less, depending on the car's actual condition, popularity, type of warranty offered and local market factors. In other words, it's the price you should expect a dealer to ask - not always the price you should pay.

MARKET IDENTIFICATION

As used in this report, FMV means "fair market value" and is determined by utilizing standard and acceptable methods of calculation. Private passenger automobiles have several distinct markets (wholesale, trade-in, retail, etc.). Fair market value is the price for which a vehicle may be purchased on the open market when neither the seller nor purchaser is under any duress to sell or purchase. In accordance with the USPAP proper market rule, the proper market (largest applicable) to replace the subject vehicle is the used vehicle retail market.

"This estimate has been prepared based on the use of crash parts supplied by a source other than the manufacturer of your motor vehicle. Warranties applicable to these replacement parts are provided by the manufacturer or distributor of these parts rather than the manufacturer of your vehicle."

"Any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit or knowingly presents false information in an application for insurance is guilty of a crime and may be subject to fines and confinement in prison."

"All manufacturers requirements regarding seat belt and supplemental restraint system replacement must be adhered to. If additional parts or operations are necessary to properly accomplish this, please contact the estimating claims rep."

This is a damage assessment only - Not an authorization to repair-based on damage visible or certain at the time it was written.

If frame or unibody repair is included on this estimate, the amount shown includes time or allowance for measuring before, during and after those repairs.

The owner of the vehicle may select the repair facility of his/her choice.

To ensure proper and prompt payment for additional damage discovered during the course of repairs, contact Progressive for supplement handling procedures.

Progressive honors the prevailing labor market rate in your area for your property. If you choose a shop that charges in excess of the prevailing labor market rates, you will be responsible for the difference.

Lifetime guarantee for sheet metal and plastic body parts

The replacement parts written on the estimate are intended to return your vehicle to its pre-loss condition with proper installation. After repair, if any sheet metal or plastic body part included in the estimate fails to return your vehicle to its pre-loss condition (assuming proper installation), in terms of form, fit, finish, durability or functionality, Progressive will arrange and pay for the replacement of the part, to the extent not covered by a manufacturer's or other warranty. This service will be performed at no cost to you (including associated repair and rental car costs). To obtain service under this Guarantee, call Progressive at 1-800-274-4641. This Guarantee applies as long as you own or lease the vehicle. This Guarantee is not transferable and terminates if you sell or otherwise transfer your vehicle.

This guarantee does not cover normal wear and tear or damage caused by improper maintenance, neglect, abuse or subsequent accident. This guarantee is limited to arranging for the selection of repair parts that will return your vehicle to its pre-loss condition. Accordingly, Progressive will not be liable for any indirect, incidental or consequential damages that result from the installation or use of these parts.
